American College of Education (ACE) Student Loan Default Rates

CAEP Annual Reporting Measure 8 - Student loan default rates and other consumer information (initial & advanced levels)

ACE does not participate in U.S. Department of Education Title IV federal loan programs; therefore, the College does not receive a three-year student cohort default rate from the U.S. Department of Education. Additional information is available of the ACE website at [Affordable Education Without Relying on Title IV Funding and Student Right to Know](#).
