

American College of Education Non-Profit Partnerships

Working together to
improve the field of education

NON-PROFIT PARTNERS

“It’s a natural partnership with ACE for us. Clearly, they are trying to better the profession, to strengthen teachers’ roots in this career path, and making sure that our kids are getting better trained, because these teachers are better educated and more committed to the world.”

MARGARET SHEEHAN

Executive Director, Teachers’ Treasures

American College of Education was founded by educators, for educators. ACE provides high-quality, affordable online programs for teachers and academic leaders because we believe in the exponential impact of education — the more you learn, the more your students learn.

As part of this mission, ACE partners with national and local non-profit organizations that provide free classroom supplies to teachers who serve students in need. Partnerships may include volunteer hours, event sponsorships, and/or monetary support.

These combined efforts have contributed to our being named a certified benefit corporation (B-Corp), as well as a Best Place to Work in Indiana, 2017.

American College of Education

Non-Profit Partnerships

APPRECIATION

Founded by educators, for educators, ACE understands today's classrooms and schools, because we work in them ourselves.

AFFORDABILITY

We're purpose-built to fit within a teacher's budget, because fiscal responsibility is the right thing to do.

FLEXIBILITY

Nimble by nature, ACE works with each non-profit partner to tailor sponsorships according to the organization's unique needs.

SUCCESS

Our students' success is our success. The more they learn, the more their students will learn.

GIVING BACK

Our driving mission is to serve the communities, schools, and classrooms of our students and the kids they teach.
